

**ORDER BY THE COUNTY JUDGE OF HARRIS COUNTY**  
**(Temporarily controlling the occupancy of a premises)**

**Whereas**, in response to the COVID-19 pandemic, federal, state and local officials issued proclamations and declarations of disaster, and thereby invoked their respective emergency management plans to protect the public; and

**Whereas**, on January 31, 2020, the Secretary of Health and Human Services declared a public health emergency “in response to COVID-19, a highly contagious virus that spreads through person-to-person contact and continues to ravage communities across the globe”; and

**Whereas**, on March 11, 2020, Harris County Judge Lina Hidalgo issued a Declaration of Local Disaster for Public Health Emergency to allow Harris County to take measures to reduce the possibility of exposure to COVID-19 and promote the health and safety of Harris County residents in accordance with Section 418.108(a) of the Texas Government Code. The Declaration of Local Disaster has been subsequently extended by the Harris County Commissioners Court and it is currently in effect; and

**Whereas**, on March 13, 2020, Governor Greg Abbott issued a Declaration of State of Disaster, certifying under Section 418.014 of the Texas Government Code that COVID-19 poses an imminent threat of disaster for all counties in the State of Texas and to thus take additional steps to prepare for, respond to, and mitigate the spread of COVID-19 to protect the health and welfare of Texans. The Governor has extended the Declaration of State of Disaster each month and it is currently in effect; and

**Whereas**, in March 2020, the U.S. Centers for Disease Control and Prevention (“CDC”) issued guidance as to individuals, recommending that individuals practice social or physical distancing to prevent the spread of COVID-19 by staying at least six feet from other people, by refraining from gathering in groups, by staying out of crowded places and by avoiding mass gatherings; and

**Whereas**, on March 15, 2020, the CDC issued guidance as to large events, explaining that larger gatherings (for example, more than 250 people) offer more opportunities for person-to-person contact and therefore pose a greater risk of COVID-19 transmission and community spread; counseling that based upon what is currently known about the virus, spread from person-to-person happens most frequently among close contacts (within six feet); and urging organizers to continually assess whether to postpone, cancel, or significantly reduce (if possible) the number of attendees at larger gatherings; and

**Whereas**, on March 19, 2020, after determining that COVID-19 represents a public health disaster within the meaning of Chapter 81 of the Texas Health and Safety Code, Texas Department of State Health Services (DSHS) Commissioner John Hellerstedt issued the first Public Health Disaster Declaration released in the State of Texas since 1901. The Public Health Disaster Declaration has been extended; and

**Whereas**, Governor Abbott subsequently issued Executive Orders GA-16, GA-18, GA-21, GA-23, GA-26, GA-28, GA-29, GA-30, and GA-32, and related Proclamations, aiming to achieve the least restrictive means of combatting COVID-19's continuing threat to public health by continuing certain social-distancing and facial covering restrictions; and

**Whereas**, on June 11, 2020, Harris County implemented a Harris County COVID-19 Threat Level System that provides color coded levels of risk based on the incidence of COVID-19 and its transmission level in Harris County and provides corresponding recommendations to the public.<sup>1</sup> At the time of implementation of the Harris County COVID-19 Threat Level System, Harris County was at a Level 2, Significant Uncontrolled Community Transmission; and

**Whereas**, on June 26, 2020, the Harris County Judge elevated Harris County's COVID-19 threat level to Level 1 (Red – “severe uncontrolled community transmission” presenting a severe threat to public health), given the rapidly accelerating outbreak in COVID-19 cases in Harris County and the resulting strain on local hospitals' capacity and local public health departments' testing and contact tracing capacity. Harris County's COVID-19 threat level has remained at Level 1 through the date of this Order; and

**Whereas**, on September 18, 2020, the Texas Supreme Court issued its Twenty-Sixth Emergency Order regarding the COVID-19 State of Disaster, which provides, among other things, that courts: must not conduct in-person proceedings contrary to guidance issued by the Office of Court Administration regarding social distancing, maximum group size and other restrictions and precautions; “must not hold a jury proceeding, including jury selection or a jury trial, prior to December 1, except as authorized by this Order”; and “must take any other reasonable action to avoid exposing court proceedings to the threat of COVID-19”; and

**Whereas**, Governor Abbott's Executive Order GA-32, which the Governor issued October 7, 2020 and is still in effect, provides that “failure to comply with any executive order issued during the COVID-19 disaster is an offense punishable under Section 418.173 by a fine not to exceed \$1,000, and may be subject to regulatory enforcement”; and

**Whereas**, GA-32 lifted some restrictions related to occupancy of premises; however GA-32 still provides: “For any outdoor gathering in excess of 10 people...other than those set forth above in paragraph Nos. 1, 3, or 4 [of the executive order], the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order.”

**Whereas**, on November 11, 2020, the Texas Supreme Court issued its Twenty-Ninth Emergency Order regarding the COVID-19 State of Disaster, extending its Twenty-Sixth Emergency Order until February 1, 2021; and

**Whereas**, the transmission of COVID-19 has not dissipated but remains a significant threat to the health and safety of the Harris County Community and rates of infection are
